Judy: I am sorry I forgot to put a note on this before I forwarded back to you the first time. We will take product to cover this promotion from regular inventory, so you will not have a PO number. We have three weeks of supply in McLane inventory currently so there is sufficient product to cover without an additional order. I will commit or reserve these quantities in the system so they will be onhand for this promotion. Thanks.

Hi Kay and Kathy,

Here's another PO request for McLane NE (for Winston B2G2F Lighters #700649).

Thanks for your help!
